## Article 05

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Hampton Zoning Ordinance as follows?

Amend Article II - Districts, Section 2.5 - Aquifer Protection District Ordinance. This amendment involves a comprehensive update of the existing Aquifer Protection District Ordinance for the following purposes: To clarify the goal of the District: The Aquifer Protection District Ordinance would be renamed the Groundwater Protection District Ordinance and the purpose section of the ordinance would also be expanded to convey the goal of the ordinance more clearly. To improve definitions: Terms used within the ordinance would be clarified by incorporating new definitions or modifications to existing definitions. To expand the District to better protect drinking water sources: The Aquifer Protection District would expand to include 1) the full extent of the stratified drift aquifer in Hampton as mapped by the U.S. Geological Survey, and 2) the wellhead protection areas (WHPA) of all public water supply wells that have WHPA's under state and federal rules. Currently, Hampton's Aquifer Protection District only includes part of the WHPA for the Aquarion Water Company wells located in Hampton. To improve design requirements: The maximum amount of impervious surface - roads, rooftops, and parking lots - that commercial lots could have within the Aquifer Protection District would be reduced from 60% to 40% to reduce stormwater pollution and improve infiltration. However, the maximum amount may exceed 40% impervious coverage (but in no case can be greater than 75%) if the site meets design standards that help to protect groundwater resources. Similarly, for residential lots less than ½ acre in size, the maximum amount of 25% impervious coverage may be exceeded (but in no case can be greater than 40%) if specified site drainage standards are met, providing a layer of protection that does not currently exist in areas with legally pre-existing residential lots of record. To clarify allowed uses: Permitted uses in the District would be clarified so that uses and activities that pose little to no risk to groundwater are clearly allowed. To reduce risk from some uses and prohibit others. The list of uses that are allowed and not allowed within the Aquifer Protection District would be modified. Uses that pose a greater potential risk to groundwater would have to meet certain requirements to be allowed. Those uses which pose the greatest potential risk to groundwater are prohibited; additions include petroleum storage facilities, automotive service and repair shops, gasoline stations, and outdoor storage of hazardous chemicals in flood prone areas. All uses that are currently legally existing would be allowed to continue. If the current use seeks to expand, components of the operation may be subject to the new requirements depending on the proposal.

This Article also includes necessary consistency adjustments and cross references between Article II, Section 2.5 and Article II, Section 2.7 (Professional Office/Residential District), Section 2.8 (Town Center District), and Article IV (Dimensional Requirements).

### **Article 36**

On the petition of Gather and at least 25 Hampton registered voters, shall the Town of Hampton vote to raise and appropriate the amount of \$5,000 for Gather to provide residents of Hampton with food during the summer and to support Gather’s pantry operations. Currently, Gather runs its Meals 4 Kids (M4K) program in Hampton all summer to provide school-aged children, particularly those who are eligible for free and reduced-price breakfast and lunch at school, with food when school is not in session. We have partial funding for this program already. The requested funding would allow us to go beyond serving children and to offer food to all who come to Gather’s Mobile Market in Hampton. In 2022, we served 210 children at our M4K in Hampton at the Municipal Lot. Hampton residents not only benefit from our M4K Program, but Hampton represents the 3<sup>rd</sup> largest population served at our Pantry Market in Portsmouth. Every month, Gather provides food/meals to over 200 Hampton residents through the pantry.
